

2018

Why choose us?

Millhouse have a proven track record in designing, manufacturing and supplying educational furniture, toys and resources for over 35 years. Our range has been carefully selected to offer you a variety of premium products, which represent the very best in quality, safety and value.

What makes us different?

We understand the requirements of an early years environment – we know that children need a secure, safe, nurturing environment within which they can explore, learn and grow. Furthermore, we appreciate that the environment has to be highly functional, practical and flexible. Our range has been designed with all of this in mind, and more.

Quality

Every care is taken in the design and manufacture of our products to ensure that they are made to a high standard and are durable, safe and reliable. Millhouse products are designed and manufactured, here in the UK, a tradition that has lasted for over 35 years.

Safety

Every detail in our products is carefully thought through to make play safe and fun for children. We have incorporated many safety features, including our innovative child friendly hinges, which are designed to protect little fingers. Constructed from the finest materials, our products conform to European safety standards (EN71, EN1176 & EN16121), ensuring outstanding quality and reliability.

Value for Money

Our range is very competitively priced and offers excellent value for money without compromising on quality. We feature a variety of special offers throughout the catalogue to bring you a range, which will enhance your setting making it safe, flexible and functional, whilst also being affordable.

Expert Advice

Our dedicated early years product specialists and design engineers, are always on hand for help and advice. So whether you have a detailed vision, or need inspiration, we can provide a furniture solution which is right for you. Our room planning service is free and we'd be delighted to help with any size project. For further details see page 4.

What's New

Our commitment to product development means that we are able to bring new products to the range on an ongoing basis. That trend continues for 2018 with new lines across the majority of product categories. Here are just a few to look out for....

Introducing PlayScapes™

Designed and manufactured by Millhouse, PlayScapes is a coordinated range of furniture that has been created by combining research conducted with early years practitioners, and the skills, knowledge and experience of our team.

Our PlayScapes furniture is featured throughout the catalogue and various combinations are presented in our Early Years Zones (pg.7-35).

Whilst all of our products are designed and manufactured to a high specification, PlayScapes has some additional benefits and features:

Quality

PlayScapes is manufactured in the UK from premium grade maple melamine. This provides a hardwearing, scratch resistant, easy clean surface that can be cleaned with anti-bacterial sprays.

Fully Assembled

PlayScapes furniture units are all delivered fully assembled to save you hassle and time.

10 Year Guarantee

By combining traditional woodworking with modern fixings, our furniture is engineered to last, that's why all PlayScapes furniture comes with a 10 year guarantee.

Gold Service Delivery

Purchase one of our PlayScapes Early Years Zones, and our team will deliver, unpack, and configure the units in a room of your choice, on a day that is convenient for you. We'll even take away the packaging.

Flexibility

No complicated or expensive method of joining the furniture, products simply butt together, providing the flexibility to quickly and easily re-configure environments.

Easy Access

All items in the PlayScapes range are designed for easy access by children. Not only does this encourage them to explore their environment but there is the added benefit that children can put resources away after use.

Birth to 5 Environments

We've grouped our storage furniture into low, medium and tall heights, so that you can easily identify which furniture is best suited to which age group. The lowest PlayScapes furniture has a height of 32 cm, ideal for 0-2 years.

Innovation

Features such as top add-ons, turn furniture into practical room dividers and areas for display. Many of the furniture items in the range also feature a soft Velcro loop fabric on the reverse, which can be used for displays.

Free CAD Room Planning

We offer a completely free and comprehensive room design service for our customers, and with over 35 years experience making resources for schools and nurseries, our team of experts know how to design a space which is not only great to be in, but conducive to learning, development and play.

Utilising our team of industry experienced design engineers, we can handle any size of project, from a small room, to an entire school or nursery. We can work from architectural drawings or alternatively, one of our sales team can arrange a site visit.

As part of this service we will supply a detailed 2D drawing, high quality 3D renders, a comprehensive quote, plus practical advice and product information.

So let us take the hassle out of the project for you and give us a call on **01526 354 404**, or email planning@inspirationalnurseries.co.uk to discuss your requirements.

PlayScapes Storage

Efficient and functional storage is imperative in any early years environment. Not only does it organise resources, but easy access storage actually encourages children to explore their environment and help themselves to toys, blocks, books etc.

PlayScapes storage is a comprehensive range of different storage units, each designed with flexibility, durability and safety in mind. To make it easier to select the storage units which are right for you, we've split the majority of the range into low, medium and tall units. By identifying the height of the units, you can gauge the room/age suitability for the children, and more easily identify units which meet your requirements.

Low Level - Top Shelf: H32cm

Medium - Top Shelf: H56cm

Tall - Top Shelf: H72 - H80cm

All of our storage units benefit from the following features:

Quality

PlayScapes is manufactured in the UK from premium grade maple melamine. This provides a hardwearing, scratch resistant, easy clean surface that can be cleaned with anti-bacterial sprays.

Fully Assembled

PlayScapes furniture units are all delivered fully assembled to save you hassle and time.

10 Year Guarantee

By combining traditional woodworking with modern fixings, our furniture is engineered to last, that's why all PlayScapes furniture comes with a 10 year guarantee.

Flexibility

No complicated or expensive method of joining the furniture, products simply butt together, providing the flexibility to quickly and easily re-configure environments.

Easy Access

All items in the PlayScapes range are designed for easy access by children. Not only does this encourage them to explore their environment but there is the added benefit that children can put resources away after use.

Innovation

Features such as top add-on's, turn furniture into practical room dividers and areas for display. Many of the furniture items in the range also feature a soft Velcro loop fabric on the reverse, which can be used for displays.

Whatever storage requirements you may have, we'll have a solution which not only meets your needs but exceeds your expectations.

For further information please see page 178.

PlayScapes™ Tray Storage

Designed to fully coordinate with the PlayScapes range, our tray storage units are made from premium MDF core with clear lacquered edges. Units are designed with flexible runners to house different depths of trays - maximising storage options and allowing units to be easily reconfigured. The reverse of each unit features a loop nylon velcro fabric that can be used for displays and provides a more tactile surface for young children. Three column tray units can be specified with a top divider add-on in either double sided velcro loop or white magnetic dry wipe material.

Tray Storage Unit (73cm height)

Cots

When it comes to nap time,
what could be more important than comfort and safety.

Our solid hardwood beech cots have a sturdy frame, which is engineered to last, making them perfect for commercial use. Each cot has clear plastic end panels so that children can be supervised from any angle, and has the added benefit of enabling the cots to be positioned end to end, without compromising cleanliness. Cots are supplied with a wipe clean mattress and have 3 height positions (low 51cm, medium 35cm, high 20cm) to accommodate children of different ages and stages.

Evacuation Cot

- 3 adjustable height positions
- Clear plastic end panels to aid supervision

Tables & Chairs

Wooden Tables

Our tables are made from high quality beech plywood and benefit from an easy clean, protective clear finish.

Rounded corners and edges help prevent accidents and solid beech legs ensure stability.

To ensure suitability for children of different ages, there are a variety of height options to choose from.

- Tables are delivered part assembled (legs require to be secured to the table top using the allen key supplied)
- Legs and frame are solid beech
- Each table has a hygienic, scratch resistant, melamine top

PlayScapes™ Early Years Computer Station

Made from maple melamine and designed to coordinate with the rest of the PlayScapes range, this Early Years Computer Station is the ideal workspace for young children.

Storage within the unit is safe and efficient with the PC tower and cables being stored at the back of the desk so that they are not easily accessible by children.

With the storage at the back of the unit, it means that the full width of the unit can be used for workspace and there is ample room to accommodate 2 children.

Storage for PC tower
and cables

PlayScapes™ Panel Connector

For complete flexibility when setting out your room, our PlayScapes Panel Connectors allow you to join your panels (at any angle) to walls and the PlayScapes furniture range.

This unique system allows you to create secure room divisions, and use a combination of storage units and panels, to create defined areas for role play, crafts, construction, reading and so much more.

Maple Panel Starter Sets

Millhouse Maple Role Play Panels are our bestselling panel range. With neutral colours and a natural look, they coordinate with any environment and are the perfect way to create play areas, or an imaginative way to divide space. Perfect for children ages 3+.

Each Panel: W78 x D4 x H120 cm (supplied with 2 joining blocks)

Trace 'n' Paint Easels

Each Trace 'n' Paint station has a paper roll and comes with graphics that slot into a clear pocket on the front of the station. Children then pull down paper from the roll and trace the image of the graphic. Once the image has been traced, children can add their own splash of colour to their creation, tear off the paper from the roll and keep their masterpieces.

- Each station has a paper roll holder (for paper rolls up to 550mm in width)
- Room for two paint pots, or a palette and water pot
- Coated in a clear lacquer for an easy wipe clean surface
- Made with beech and plywood

Shape Guide

Luco Bricks

Luco connecting wooden bricks are an award winning resource for aiding the development of children at early years foundation stage and beyond. Within each set there are 4 different brick shapes. Children can use these to create a variety of different structures, with limitless possibilities. Unlike other bricks, Luco Bricks will stay intact once formed in a structure. Perfect for enhancing creativity, improving concentration and developing crucial motor skills in young children. Made from durable, eco-friendly wood.

- Natural solid wood blocks with a child safe lacquer
- Uniquely designed open ended construction set
- Each set includes 65 carefully crafted pieces

"This product has the potential to unlock engineering possibilities for boys and girls even in the Early Years. It is unique in design and had children fully involved. What's more – no instruction manual allowing endless possibilities for young learners..."
NMT Judging Panel, 2016

Play Dens

Adventure Playhouse

Eyes will light up with excitement and wonder, when they see this impressive and versatile playhouse. With a spacious upper level platform and ground level play area, plus door arch, window counter, staircases and under stair cubbies, the play and learning possibilities are endless.

Ideal for role play, the structure is quickly and easily transformed to create different themes such as a home corner, hospital, school or jungle. There are also plenty of areas where children can enjoy quiet play or create a cosy nook for reading and relaxation.

The sturdy and strong structure is made from premium birch plywood cladding and is supported by a tubular steel frame for supreme structural performance. The stairs and platform have an anti-slip surface, whilst the guard rails around the upper level platform benefit from safety plastic on the reverse.

Adventure Playhouse

- Versatile learning and play structure
- Clear lacquered birch plywood cladding and staircases
- Stair treads and platform made from 18mm birch plywood with an anti-slip top layer
- Powder coated tubular steel frame for supreme structural performance
- Removable canopy is machine washable

Outdoor Recycling Waterwall

A fantastic outdoor learning resource, which allows children to explore and experiment with water. Made from high quality, durable, outdoor treated timber, the water wall also has heavy duty castors to make it easy to transport and store.

To use, fill the top reservoir with water and release the taps. As the water starts to flow down the wall, children can interact with, and explore, the many features. These include: taps, spinning water wheels, bamboo chutes and water containers. Once the water has reached the lower reservoir, the easy to use water pump transports the water back to the top reservoir.

The reverse of the water wall features a large, colourful graphic which contains factual information relating to the weather and water cycle.

Outdoor Waterwall

- Made from outdoor treated timber
- Features decorative chalkboards
- Suitable for children age 5+
- Children must be supervised when using this product
- Store indoors when not in use

Free Standing Sand Pit

Made from high quality, outdoor treated timber, this standing height sandpit is the ideal way to encourage exploratory sand play. The unit has a removable plastic tray which acts as a base for the sand and can also be used for soil should you wish to use the unit as a planter. Supplied with robust wooden lid, which can also be used as a work surface.

- Made from outdoor treated timber
- Durable and sturdy construction
- Removable plastic tray for sand, soil, etc
- Suitable for children age 5+
- Store indoors when not in use

Wooden Sand Pit/Planter

Made from outdoor treated timber, this 2 in 1 wooden sand pit and planter is the ideal addition to any school or nursery play area. Designed with children in mind, the construction is sturdy with rounded edge corners. The unit has a surrounding ledge which is wide enough to be used as a seating area for children whilst they play with the sand or tend to the plants/vegetables.

- Suitable for use as a sand pit or planter
- Large, durable and sturdy construction
- Requires some self assembly
- Made from outdoor treated timber

W1650 x D1650 x H295

Information

Free CAD Room Planning

We offer a completely free and comprehensive room design service for our customers, and with over 35 years experience making resources for schools and nurseries, our team of experts know how to design a space which is not only great to be in, but conducive to learning, development and play.

Utilising our team of industry experienced design engineers, we can handle any size of project, from a small room, to an entire school or nursery. We can work from architectural drawings or alternatively, one of our sales team can arrange a site visit.

As part of this service we will supply a detailed 2D drawing, high quality 3D renders, a comprehensive quote, plus practical advice and product information.

So let us take the hassle out of the project for you and give us a call on **01526 354 404**, or email planning@inspirationalnurseries.co.uk to discuss your requirements.
