Early Years Furniture

# Our Services

## Free Space Planning

### Free Space Planning

At Millhouse, we offer a completely free and comprehensive space planning service for our indoor and outdoor furniture. With over 40 years experience making resources for schools and nurseries, our team of experts know how to design a space that is not only great to be in but conducive to learning, development and play.

Our team can handle any size of project - from a small room to an entire school or nursery. We can work from architectural drawings, or alternatively, one of our sales team can arrange a site visit. To ensure you achieve the right solution for your setting, we will supply detailed drawings, a comprehensive quote, plus practical advice and product information, as part of the service.

# Features & Benefits

Millhouse has a proven track record in designing, manufacturing and supplying educational furniture, toys and resources for over 40 years. Our Early Years range has been created to offer you a variety of premium products, which represent the very best in quality, safety and value.

We pride ourselves on quality and craftsmanship, so we pay attention to the detail to ensure that our products are durable, hard-wearing, age appropriate, safe, flexible and easy to clean - all of which are essential in any early years environment. The handy icon guide below is used throughout the catalogue to highlight the key features and benefits of our furniture range.

## Quality

Millhouse is proud to be a UK manufacturer. Our furniture is expertly crafted by our skilled team in an accredited ISO 9001 and ISO 14001 environment. Constructed from the finest materials, our products conform to European safety standards EN71, EN1176 and EN16121 (where applicable), ensuring outstanding quality and reliability.

## 10 Year Guarantee

By combining traditional woodworking with modern fixings, our furniture is engineered to last, that's why almost all of our furniture comes with a 10 year guarantee. *(Excludes baskets, tubs, trays and other consumable items, all of which have a 1 year guarantee).*

## Easy Clean

All Millhouse furniture is manufactured from premium grade maple melamine. This provides a hard-wearing, scratch-resistant, easy-clean surface that can be cleaned with anti-bacterial sprays.

## Fully Assembled

The vast majority of our furniture products are delivered fully assembled to save you hassle and time. Products which cannot be delivered fully assembled, usually only require simple self-assembly, using one of the Allen keys provided.

## Easy Access

All items in the range are designed to be easily accessible by children to create an enabling environment.

## Free Space Planning

Our dedicated team are always on hand for help and advice. So, whether you have a detailed vision, or need inspiration, we can provide a furniture solution that is right for you. Our space planning service is free and we'd be delighted to help with any size project. See pg. 2 for further information.

## Free Gold Service Delivery

Benefit from our Free Gold Delivery service when you purchase one of our Early Years Zones (excludes Mini Zones) or spend more than £3,000 (exl. VAT). Our team will deliver, unpack, and configure the units in a room of your choice, on a day that is convenient for you. We'll even take the packaging away! See pg. 2 for further information.

## Birth to 5 Environments

We've grouped storage furniture into low, medium and tall height to help identify which furniture is best suited to which age group. The lowest units have a height of 320mm, which is ideal for 0-2 years.

## Innovation

Many of our products have innovative features which add versatility and value to our products. These include soft Velcro surfaces on the back of units (for display) and unit add-ons that can be used to turn furniture into practical room dividers.

## Flexibility

There is no complicated or expensive method of joining the furniture, units simply butt together, providing the flexibility to quickly and easily reconfigure environments.

# Storage Options

Whatever your storage requirements may be, we'll have a solution that not only meets your needs but exceeds your expectations. We have a wide variety of storage units from book storage and tray storage, to easy access storage – all specially designed to create an enabling environment for young children.

To make it straightforward to select units that best meet your needs, we've noted whether they are low, medium or tall in height. By identifying the height of the units, it is easier to gauge the room/age suitability for children.

# Tub & Basket Storage

Millhouse™

Tubs and baskets not only help organise resources but also add an extra element of versatility to storage units. Tubs are perfect for self-access and when you want resources to be visible, as items contained within can be quickly identified, allowing children to help themselves. Baskets on the other hand, are ideal for helping to create a natural look and feel within a setting. Our units have both tub and basket options, allowing you the flexibility to choose the option which best suits your requirements.

# Tray Storage

Millhouse™

Designed to fully coordinate with the Millhouse furniture range, our tray storage units are made from a premium MDF core with clear lacquered edges. Units are designed with flexible runners to house different depths of trays - maximising storage options and allowing units to be easily reconfigured. The back of each unit features a sound-absorbing loop nylon Velcro fabric, which can be used for display, as well as providing a more tactile surface for young children. Tray colour is clear as standard, other colours available upon request.

# Adventure Playhouse

The play and learning possibilities are endless with this versatile playhouse. The structure is quickly and easily transformed to create different role play environments such as a home corner, hospital, school or jungle. There are also plenty of areas where children can enjoy quiet play, or create a cosy nook for reading and relaxation. The sturdy structure is made from premium birch plywood cladding and is supported by a tubular steel frame for supreme structural performance. The guard rails around the upper level platform have safety plastic on the reverse.

## Free CAD Room Planning

This large Adventure Playhouse needs a room that can accommodate the structure and space for the children to play. This diagram shows the playhouse in a room sized W5000 x D5000 x H3000mm.

Please make sure you have at least 2.9 metres ceiling height to accommodate the roof canopy.

## Adventure Playhouse

- Open-ended learning and play structure
- Clear lacquered birch plywood cladding and staircases

# Role Play Panels

Versatile and easy to use panels that can be used to form a variety of shapes. A great way to divide space, create enclosures and plan activity areas.

# Toddler Play Panels

**Millhouse™**

Great for dividing space, creating activity areas and cosy quiet enclosures. Lockable joining blocks allow panels to join securely to each other at seven different angles, enabling you to create any shape to meet your needs and make the most of the available space. Made from solid beech timber and birch plywood with a tough child-safe, clear lacquer finish. Panels can be connected to our furniture units, or a wall, using our Furniture Panel Connector (see pg. 143). A minimum of three panels are required for freestanding configurations.

Each panel: W780 x D40 x H700mm (supplied with 2 panel joining blocks)

Curved panel: W545 x D155 x H700mm (supplied with 2 panel joining blocks)

# Indoor Resource Kits

We've collaborated with resource specialists, Yellow Door, to create four unique kits which nurture development through play and enrich learning environments. These resources are designed to coordinate with a number of our furniture units, to provide a complete early years solution. Our indoor kits contain a variety of resources to support early years maths skills and loose parts play. The specially selected resources are tactile in nature and designed to encourage children to explore, investigate, sort, count and so much more.
